

Catcher in the Rye:
Psychological Disorders

I. Go to
www.ncbi.nlm.nih.gov/pubmedhealth/
and research two of the following
psychological disorders*:

1. Obsessive-Compulsive Disorder
2. Schizophrenia
3. Adolescent Depression
4. Bipolar Disorder
5. Post Traumatic Stress
6. Social Phobia
7. Panic Disorder
8. Dysthymia

II. Write at least $\frac{3}{4}$ of a page on each of
the two disorders detailing the
following:

1. Scientific Explanation of
Causes
2. Risk Factors
3. Demographics (age, sex,
ethnicity, etc.)
4. Symptoms
5. Treatment (both medication
and recommendations for
therapy sessions)
6. Complications
7. Prevention

III. In your group, discuss and
formulate a diagnosis and treatment
plan for Holden Caulfield based on
your research, and present your
findings to the class.

*No one in your group should research
the same disorder.
